1 Preamble

Visvesvaraya National Institute of Technology (VNIT) (formerly VRCE), Nagpur, is one of the first six Regional Engineering Colleges established under the scheme sponsored by the Government of India and the State Governments. The College was established in June 1960 and named after the eminent engineer, planner, and statesman of the country Bharat Ratna, Sir M. Visvesvaraya. Over the years, this Institution has gained recognition as an important National Institution in the field of Technical Education & research. Apart from imparting professional education at undergraduate and postgraduate levels, the Institute has been extending available expertise to various Govt./Semi-Govt. and private organizations through testing and consultancy works. The Institute also organizes short-term courses and seminars for the benefit of those in the profession. The Visvesvaraya National Institute of Technology was enacted under NIT Act 29 of 2007 by Govt. of India and declared an Institute of National importance.

VNIT has a beautiful campus of about 214 acres near Ambazari Lake. All departments and laboratories are housed on the campus, which also offers hostel accommodation for students and residential accommodation for teaching and non-teaching staff. The campus has retained and increased its green cover, which is rich in flora and fauna and attracts bird watchers.

Institutional Vision

To contribute effectively to the national and international endeavor of producing quality human resources of a world-class standard by developing a sustainable technical education system to meet the changing technological needs of the country and the world, incorporating relevant social concerns and building an environment to create and propagate innovative technologies for the economic development of the nation.

Institutional Mission

The mission of VNIT is to achieve high standards of excellence in generating and propagating knowledge in engineering and allied disciplines. V.N.I.T. is committed to providing an education that combines rigorous academics with the joy of discovery. The Institute encourages its community to engage in a dialogue with society to contribute to the betterment of humankind effectively.

2 Programs Offered

The institute offers four-year undergraduate programs in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering, Computer Science Engineering, Electronics and Communication Engineering, Mining Engineering, Metallurgical & Materials Engineering, Chemical Engineering, and a five-year course in Architecture. In addition, the institute offers full-time (M. Tech) and Ph. D. programs. A three-year Ph.D. program under the QIP scheme is also offered in the Department of Electrical Engineering and Metallurgical & Materials Engineering. The laboratories in various departments have excellent research and testing facilities. The institute has acquired highly sophisticated equipment for various Departments, and new equipment has been added to various laboratories in recent years.

3   M. Tech. Programs

The Institute will offer the following full-time M. Tech. programs of two years duration (i.e., four semesters), as shown in Table -1, during the academic year 2024-25.

Table -1

S.No	Department / Center	Name of Programme
1	Centre for VLSI and Nanotechnology	M. Tech. (VLSI Design)
2	Applied Mechanics	M. Tech. (Structural Engineering) M. Tech. (Structural Dynamics & Earthquake Engineering)
3	Architecture and Planning	M. Tech. (Urban Planning)
4	Chemical Engineering	M. Tech. (Chemical Engineering)
5	Civil Engineering	M. Tech (Construction Technology & Management) M. Tech. (Environmental Engineering) M. Tech (Geotechnical Engineering) M.Tech. (Transportation Engineering) M. Tech. (Water Resources Engineering)
6	Computer Science and Engineering	M.Tech. (Computer Science and Engineering)
7	Electrical Engineering	M. Tech. (Integrated Power Systems) M. Tech. (Power Electronics and Drives)
8	Electronics and Communication Engineering	M. Tech. (Communication system Engineering)
9	Mechanical Engineering	M. Tech. (Production and Industrial Engineering) M. Tech. (Heat Power Engineering) M. Tech. (CAD-CAM) M. Tech. (Biomedical Engineering)
10	Metallurgical and Materials Engineering	M. Tech. (Materials Engineering) M. Tech. (Process Metallurgy)
11	Mining Engineering	M. Tech. (Excavation Engineering)

The institute's website contains ordinances, rules, and regulations governing these programs. Candidates should read them carefully. The institute can modify them from time to time, and changes are binding on all students.

4 Eligibility Criteria

Table -2 provides details regarding the eligibility criteria for admission to various full-time M. Tech. Programs of two years duration conducted by the Institute.
